

Artful Curation - Terms of Engagement

Our Service

Through our highly customised experience, we emotively, intuitively, and evocatively connect art and objects with our clients. This includes artwork sourcing and procurement, art curation, delivery, framing, hanging and installation, documentation and digital cataloguing and the long-term organic development of your collection.

Our projects are delivered with care and attention to detail, ensuring that we provide an art experience that you have enjoyed and an art collection that you love. We envisage a journey with you that is filled with laughter, learning and shared experiences while consistently delivering beyond expectation.

At Artful Curation we collaborate with professionals to ensure quality workmanship, confidentiality, and delivery to an agreed project timeline. We offer a flexible cost structure depending on your requirements and objectives. Budgets are adhered to with an emphasis on quality and value whilst dealing with original art. We offer seamless integration with your architect, interior designer, and your landscape architect.

Most of the artworks presented to our clients are created by gallery represented artists. This means that Artful Curation's commission margin varies between 1.8% - 20%, with most works sitting around the 10% mark. We aim to be transparent about how we make our margin as it forms the trust on which we base our relationships.

Special Notes:

Artwork ownership only transfers to the new owner when full payment has been received by Artful Curation or the respective Gallery.

When artworks are residing on "Appro", responsibility for the artworks and full insurance cover for the artwork sits with the homeowners where the artworks will be residing. The goods must stay at the property and must not be moved without specific discussion with Artful Curation. Acceptance of the goods on Appro means full acceptance of responsibility/insurance for the works.

We value your business and the trust you place in us to deliver artworks you love for your homes or business. We will do our best to keep our pricing relevant and in line with the number of artworks you purchase. However, please note we do struggle to discount the prices of artworks as this directly affects our artists income.
